City: Sedona **State:** AZ **Zip Code:** 86336
Home: <<< REDACTED >>> **Email:** <<< REDACTED >>>

Company: Arizona Public Service Company **Division:** Electric

Nature Of Opinion

Docket Number: E-01345A-16-0036 **Docket Position:** Against

I oppose the service fee increase for residential customers. To raise the monthly mandatory charge an average of \$6/month amounts to a horrendous 87.5 percent surge. A monthly mandatory charge increase is unwarranted. As I have autoimmune hepatitis I am concerned about my health and safety, so our house does not have a smart meter. Those with health concerns should not be penalized by being charged an additional \$5 monthly fee simply because they chose not to have a device that is harmful. As you may be aware, the American Academy of Environmental Medicine (AAEM) is against exposure to RF radiation, as is the WHO. APS does not need to raise rates at all. They have saved tons of millions of dollars by switching to smart meters. Very significant employee costs and vehicle costs and gas costs have resulted in all areas (rural areas where smart meters don't work excepted). Thanks you for your consideration.
